

Women's Refuge

Women's Refuge is New Zealand's lead agency in providing domestic violence services. It has 40 years experience in providing comprehensive services, reaching on average 25,000 women and children each year.

Every nine minutes Women's Refuge receives a crisis call and an average of 244 women and children use refuge safe houses each night across the country.

Women's Refuge consists of 43 affiliated independent refuges and the support they offer ranges from advocacy and intensive support for women and children in the community to awareness and education courses. Two-thirds of the Refuge work force is unpaid volunteers.

Since 1995, NZ Sculpture OnShore has been able to donate more than \$1.2 million to Women's Refuge to help victims in their journey to live free from domestic violence.

Sculpture Gallery

Our sculptors also create irresistible smaller pieces for gardens and home interiors which you'll find in our indoor sculpture gallery.

Children's Programme

Informative, insightful and fun! NZ Sculpture OnShore ensures visitors of all ages have a rewarding and enjoyable experience. School classes and groups are welcome to tour NZ Sculpture OnShore.

Children's Sculpture at the Fort

School children become sculptors for creative installation projects. The historic underground Fort and its bunkers host amazing creations designed by primary

and intermediate students. They are always inspirational and show the future of art in New Zealand is assured!

Kidzone

Our young visitors can also get creative on weekend days. There's the opportunity to take part in a 'work in progress' sculpture in the Kidzone marquee. Each individual piece of sculpture made by children will be added to make a giant work. We also have an adventure trail and activity sheets for children to use around the exhibition.
